

OP-940 ROLLER DECK SCALE

OPTIMA
SCALE

Our OP-940 Roller Deck scale is ideal for weighing cargo and can be used by freight companies, airports, as well as many other industrial applications. The roller deck makes it easy to move cargo down a line while weighing it. It can easily be integrated into an existing assembly line to weigh cargo to increase productivity. The OP-940 is available in a 10'x10' standard dimension scale. Capacities range from 1,000 to 40,000 lb. Custom dimension scales as well as custom capacities are available by request. Every Roller Deck Scale includes features like 200% overload protection, industrial load cells, and digital indicator. Our heavy-duty industrial design is built to last.
